FOR IMMEDIATE RELEASE

**Spartanburg, South Carolina (August 13, 2010)- HOKE, the Logical Choice for Safety and Reliability, is now offering a new 3-in-1 Gyrolok Marking Tool (GMT).**

The Gyrolok Marking Tool (GMT) is a depth insertion tool that allows the operator to verify the proper orientation of ferrules and proper tightening of the GYROLOK fitting during installation. HOKE is now offering a stainless steel 468GMT (fractional) and 61012GMTMM (metric), giving the operator the convenience of carrying three tools in one compact package. Each marking tube has a beveled edge which adds to the safety of the device and is small enough to fit in the palm of the hand.

**Fractional GMT: Part #468GMT**

**Metric GMT: Part #61012GMTMM**

**To order please contact your local HOKE Distributor today.**
